

TORONTO WILL CURB DRUNKEN AUTO DRIVERS

"Stop 'Em Before They Start" Is Slogan Of Police

TORONTO, Dec. 21.—Stop 'em before they start, will be the slogan of Toronto police this Christmas in curbing intoxicated motorists.

As Ron J. E. Macgregor, Ontario minister of highways, in the name of "Christianity and humanity" appealed for "safe, sober, courteous" motorists, police were employed for an intensified police campaign against Christmas eve traffic-law violators.

Three persons were killed and 65 were injured in 122 traffic accidents here last Christmas.

STOP MOTORISTS

This year officers will stop motorists suspected of being drunk and remove them from their motor cars. Chief Draper has announced that the small liquor-licence driver may not be sufficiently intoxicated to substantiate a drunk-driving charge which is enough to warrant removing a motorist from the streets. His name will be filed for future reference.

Seventy-three cruiser cars will patrol the city. All cars will have been cancelled and from now until New Year's eve, a violation of traffic ordinances will be followed by a court summons.

Through the night, four-hour zones must close at 11 p.m. and Saturday night, however, earlier than usual.

Strict Supervision Planned In Edmonton

White Edmonton police will not be instructed to take motorists from behind the wheels of their cars merely on suspicion they have been drinking during the festive season, nevertheless strict supervision over them will be maintained and all offenders are sure of being brought into court if they are found.

"I think everyone should have a New Year's holiday," Chief Draper said, "but I don't want to see anyone hurt or injured during Christmas and New Year's holidays."

Chief Draper said that he doesn't mean to see anyone hurt or injured during Christmas and New Year's holidays.

COMMON-SENSE

"I don't want you to think I'm plugging for the taxmen either," he laughed. "But to me, common-sense."

If you take a taxi, you can enjoy yourself all you like and you know you'll get home safe and in no accident that you might regret all your life afterwards.

The streets will be full of the danger of accidents is great, and if a motorist is involved in an accident, any evidence that he has been drinking, no matter how slight, will go hard with the jury.

It is to play safe and we'll all be happy as we don't want to see anyone get into trouble any more than they want to get into trouble themselves.

LLLOYDMINSTER ROYALTIES NO. 1 GETS GAS FLOW

LLOYDMINSTER, Sask. Dec. 21.—A flow of gas was discovered at 1305 feet in Lloydminster Royalties No. 1 well Tuesday.

At this level there has been a flow of gas in most of the wells in the Lloydminster field, but the commercial flow has been found at approximately 1760 feet.

Drilling on the Royalties well will be carried into the C. Mills, western driller of the field, is in charge of operations at the well which is located one mile west and a mile south of Lloydminster and is the only well in this field which is located in Alberta.

Actress Brushes Tears Aside: Sings Though Father Dies

NEW YORK, Dec. 21.—Mary Martin, new star of the Broadway revue stage, danced to her dressing room last night after singing "My Belongs to Daddy" and was told:

"Your father is dead."

"I was come to my eyes and brushed down her cheeks. She brushed them aside and sang and danced to day just the same. She had told her father she was going to leave her job, she said."

The news of President Martin's death in Westchester, Tex., had been kept secret from her more than 12 hours. It came to Miss Martin's secretary Tuesday morning and spread to other members of the big cast of the revue "Leave It To Me."

Thousands Young Pilots Will Be Trained By Italy

ROME, Dec. 21.—The government has prepared a measure which will place thousands of young Italians in training as pilots for the air force, it became known today. The measure provides that all soldiers now attached to the air force must take instruction in aviation and any Italian with desirable qualifications will be subject to conscription by the air force at any time.

Look, Girls --- Anthony Eden!

Women State Department workers abandoned all discipline to admire and applaud Anthony Eden as he walked through the office, preceded by Victor Malt, of the British Embassy.

Co-Discoverer of Insulin Makes Further Revelations in Diabetes

TORONTO, Dec. 21.—Dr. C. H. Best, co-discoverer of the insulin treatment for diabetes, said Tuesday he had discovered that removal of the pancreas did not increase the diabetic condition of experimental animals.

Dr. Best, professor of physiology at the University of Toronto, worked with Sir Frederick Banting in the discovery of insulin. He was assisted in his latest development by Dr. James Campbell, research fellow at the University of Toronto.

He said that when he and Sir Frederick worked on experiments which will affect the air service as an effective treatment, they believed removal of the pancreas increased the disease and that the disease was caused by a deficiency of insulin.

Dr. Best added that his latest development establishes the fact that diabetes is caused not only by a deficiency but also by an excess of the hormone substance.

That substance has not yet been clearly identified, although it is believed to have some connection with the pituitary gland.

The discovery came after scientists in Great Britain had established a condition of permanent diabetes by injection of a pituitary substance, Dr. Best and Dr. Campbell confirmed this finding in their experiments with dogs and then extended its significance.

BIG SUM FOR BRITAIN'S AIR RAID SHELTERS

System Designed To Protect 20,000,000 Britons From Bombs

LONDON, Dec. 21.—Sir John Anderson, Lord Privy Seal and minister for civilian defence, today announced in the House of Commons the government will spend £20,000,000 (\$30,175,000) on a system of private and public air raid shelters designed to protect 20,000,000 Britons from bombs in time of war.

The plan, providing for the population of the United Kingdom, is believed to be the largest scheme ever attempted anywhere in the world.

PROVINCIAL BREEFS

ROCKY MOUNTAIN HOUSE SETTLERS SEEKING ROAD OVER RIVER

Settlers and lumber men across the river and local business men have been united in an effort to get a road across the river. The river flows on the edge, but a narrow open channel in the center. Twenty men worked there for three days, laying planks and alphas that were nailed across the channel, so that as they showed the water up, it froze, freezing the planks in a road bed.

A. P. Fisher, J. E. Carl, C. E. Brinkley and C. I. Edwards organized the working crew. Today the planks froze in and more were laid by Wednesday night, it was possible for a light car to cross. One or two, did, then along came a truck from Silver Lake, whose drivers came cannot be learned, and came back from a load of lumber. Those at the river tried to persuade him not to cross, but he insisted on trying it and crashed through.

Luckily, the water is shallow but it took him five hours to get out. Far worse than that, the accident ruined all the work done by the twenty men. The planks and alphas were carried down with a heave and the work will have to be done all over again, as the water is still freezing fast enough that the anxious to cross can wait for the river to freeze by itself.

Promotion?

Now a federal judge in the District of Columbia, Harold M. Stephens of Utah is increasingly mentioned as a successor to the late Justice Cardozo of the U.S. Supreme Court.

The new buildings will be laid out in every way, and will present a more permanent appearance than the present office. The People's Construction Co. has the contract for the new buildings and a two-track garage.

The Young People's Society held their regular meeting at this point last Sunday afternoon, and reported a favorable increase in attendance. Besides the regular business and entertainment, plans were made to hold a party on December 29, to which each member is entitled to bring a guest. At the President's Quiz program directed by the entertainment committee, Miss Ruth Baugh was the first prize.

A serious accident occurred here recently when Mrs. Walter Ray of this district, cut her right hand with a knife and blood-poisoning set in. Neighboring to a distant, she was found lying on the ground with her whole hand and arm swollen painfully. She was in bed four days, but continuous treatment checked the poison, and she is now reported to be progressing favorably.

There have been several reports that I write an article on this subject, but I have hesitated to do so as there are several forms of conjunctivitis. Some of them are serious and some are not serious. It is very difficult for the ordinary person to tell which form he has developed and he does not believe it advisable for him to try to diagnose his own case. For this reason, if your eyelids become inflamed on the inner side, the best plan is to go immediately to an expert eye specialist. In the treatment of conjunctivitis, the eyes are treated with eye drops. Various solutions are used, such as boracic acid, nitrate of silver, argemone and so on, but I do not suggest that the patient try to prescribe for himself. It is better to have the eyes examined and to use whatever treatment is advised. As a purely local treatment, eye compresses are of value. These are applied in the following manner. Place a cake of ice in an ordinary colander from the kitchen, and set the colander in a deep pan, which will catch the water as the ice melts. Cut up sterile gauze until it is roughly the size of a silver dollar. Put four or five thicknesses of this gauze together to make a pad and continue until you have six pads. Set these on the eye so they will become thoroughly cold. When the pads are wet from the ice, place two on the eyes, allow to remain for a minute or two and change to fresh pads just taken from the ice. Keep this up for fifteen minutes and repeat several times daily.

When the ice pads are used in this way over the closed lids, the cold will help to return the inflamed membrane to normal. If ice is not available, dip small compresses of cotton into very cold water, squeeze each compress to take out the excess water and use two of these over the closed lids, substituting fresh compresses from time to time. Chronic catarrhal conjunctivitis may cause the eyes to feel uncomfortable after doing close work and may also cause itching and burning. The eyes may feel heavy and the patient may say that they feel as though they had sand in them. Professional treatment is needed. I can not improve upon you, but I can tell you that you will find that you have conjunctivitis is to seek professional advice as to the best local treatment to use.

Dr. Frank McCoy's great book "The Way to Health" gives you the only understandable language. A limited supply is on hand in the Bulletin. A copy will be mailed postpaid on receipt of 25c. Just address to: Dr. Frank McCoy, 1000 Jasper Ave., Edmonton, Alta.

ELEVATOR MEN FORM UNION

Division of the Elevator Operators' Brotherhood was formed here on Saturday night at a meeting, attended by 44 grain buyers from this district. Area representatives at the meeting included: Myrman, Beauveaux, Morecambe, Musgrave, Tied, Jorgensen, N. S. Slewchuk, of Edmonton, vice president and P. G. Deane of Miramichi, secretary.

Executive committee will consist of: H. Sten, Andrew, J. Boda Whitford, T. Ardel, T. Hill, A. Kuba, Harry Hill, V. Graft, Beauveaux.

The turkey season is a little lower than last year, they are still quite fair. Local butchers are buying sixteen cents for grade A birds. Mr. G. E. Armstrong qualifies this by saying that the champion turkey grown here is a flock of 34 heavily barred, or preferred, birds.

Wolves who do not specialize in turkey raising have a few choice ones left over for market and also some geese.

Local residents were shocked to learn of the death of Charles Whitmore, middle-aged farmer living some ten miles south of here, who was found dead in a field near his home. Mr. Whitmore has been a resident of the district for many years and was quite well known here. He was killed while he was Revere of Birch Lake, and was well known and highly respected throughout the district. It is not known if an inquest will be held.

A mass meeting was called on Saturday night for the purpose of the local economy as a co-operative venture and judging by the remarks of the speakers, it was not too far from the mark in securing the necessary finance to get it started.

William Russell, one of the local fur farmers has marketed 100 pelts in Edmonton.

Your Health—By Dr. Frank McCoy

When the layman says he has "new eyes," he means he has conjunctivitis. If you will use your fingers to pull down the lashes of the inner lid you will see that the inner surface is lined with a deep pink or reddish membrane. The upper eyelid is lined in the same way. This lining is the conjunctiva and if it becomes inflamed your doctor tells you that conjunctivitis has developed.

One of the common forms of conjunctivitis is the catarrhal form, which is found in both acute and chronic stages. The acute type may be caused by a cold or by a discharge from the eye. The chronic form is caused by a discharge from the eye. The main sign of conjunctivitis is the discharge, which usually drains along the edges of the lids at night, making them seem glued together. The patient may complain that light hurts the eyes, or may complain that the eyes itch and burn. If the mucus from the eyes is thick and sticky, it is a sign that there is something in the eye, which causes discomfort. If the mucus is thin and watery, it is a sign that the eye is irritated. At the same time, but it may happen that one eye is affected until two or three days later.

In the treatment of acute conjunctivitis, the patient should protect the eyes by wearing dark goggles. Various solutions are used, such as boracic acid, nitrate of silver, argemone and so on, but I do not suggest that the patient try to prescribe for himself. It is better to have the eyes examined and to use whatever treatment is advised. As a purely local treatment, eye compresses are of value. These are applied in the following manner. Place a cake of ice in an ordinary colander from the kitchen, and set the colander in a deep pan, which will catch the water as the ice melts. Cut up sterile gauze until it is roughly the size of a silver dollar. Put four or five thicknesses of this gauze together to make a pad and continue until you have six pads. Set these on the eye so they will become thoroughly cold. When the pads are wet from the ice, place two on the eyes, allow to remain for a minute or two and change to fresh pads just taken from the ice. Almost a Gift!

Imagine securing this beautifully bound encyclopedia, that cost \$250,000 to compile, at this giveaway price of 39¢ per volume. Never before has any publisher made such an offer.

GERMANY ACTS IRON OUT SNAG U.S. RELATIONS

No Resumption Of Normal Friendship Unless Reply Given Soon

WASHINGTON, Dec. 21.—Germany took the first step Tuesday to clarify some problems disturbing German-American relations. Dr. Hans Thomsen, chargé d'affaires of the German embassy since Ambassador Hans Dieckhoff was called to Berlin Nov. 25, made an appointment with Sumner Welles, acting secretary of state, to discuss unsettled business.

Speculation grew in diplomatic circles to the effect no resumption of normal relations between the two countries could be expected unless Germany makes satisfactory reply soon to two U.S. State notes seeking assurances that Germany would assume responsibility for Austria, debt and would not discriminate against American Jews in the near future.

FURTHER TENSION

German-American relations were subjected to further tension as the state department completed its first reciprocal trade agreement with the near east, where the rift has been widening ever since the treaty with Turkey, is expected to be signed in January, and American consular officials will be extended to all countries except Italy, Germany is not included in its most-favored-nation clause because, officials say, discrimination against American trade.

Conversations looking toward another trade pact were begun Tuesday by Stanley Bruce, British minister to the U.S., and American commissioners to Great Britain, but Germany is not included in its most-favored-nation clause because, officials say, discrimination against American trade.

Private Nursing Homes At Coast Under Survey

VANCOUVER, Dec. 21.—Examination of homes of persons who died in certain "nursing homes" in Vancouver will be made it investigation this morning, according to a statement by Gordon Winter, chief of investigation.

Mr. Winter is studying a brief sent him by Vancouver police concerning an investigation of two deaths in operations of a so-called private nursing home in the city.

"The investigations of Vancouver indicate that the world are thorough probe of the operations of certain so-called private nursing homes," said Winter. "There is no doubt that a more rigid supervision must be exercised in regard to these establishments."

Pennsylvania's Streamlined Prison

Artist's drawing, bird's-eye view, of the Pennsylvania "Alcatraz," super-modern prison to be built at Mount Gretna near Harrisburg at a cost of \$3,000,000, partly financed by P.W.A. Three circular, interlocking units—workshops, cell block and recreation yard—compose the prison.

50 LOSE LIVES AS COLD WAVE SLAPS EUROPE

Temperatures Sag Way Below Zero—British Isles Hit

LONDON, Dec. 21.—Continuing cold and snow brought new suffering and inconvenience to much of Europe today and were blamed for more than 50 deaths in the last two days.

The temperature sagged to 20 and 25 degrees below zero in parts of the Soviet Union and icy winds from the steppes swept over much of the Soviet Union and the British Isles, conferring with a great number of deaths in the last two days.

About 35 have died in the British Isles, 15 in Belgium, nine in France, two in Germany and a few others in Central Europe. Twenty-five persons were drowned when a ferry, crashing through the ice river at Leiden, struck a dredge and sank.

The cold was expected to last through Christmas.

It is estimated by experts that the cold, driven in by the world are those between the ages of 21 and 40. The reasoning is that those people are the most susceptible to the cold.

PHILIPPE ROY IS HONORED BY HENRI PETAIN

Franco-Canadian Relations Praised At Paris Dinner

PARIS, Dec. 21.—Philippe Roy, Canadian ambassador to France, was honored by a dinner given by Henri Petain, French premier, at the Hotel de Ville, Paris, Tuesday night.

Roy, who was born in Montreal, was the first Canadian to be honored by a dinner given by the French premier.

The dinner was given in honor of Roy's arrival in Paris and his appointment as Canadian ambassador to France.

Roy, who was born in Montreal, was the first Canadian to be honored by a dinner given by the French premier.

RUTH ETING IS SCORED AS JURY RETIRES

Likened To Esmeralda In "Hunchback Of Notre Dame"

LOS ANGELES, Dec. 21.—A jury began deliberating today the day of the Martin the Gimp Snyder, accused of attempting to murder Myrl Atkeson, plaintiff and husband of the former radio singer, Ruth Etting, Snyder's former wife.

In final defense arguments Miss Etting was likened to Esmeralda in "The Hunchback of Notre Dame," a woman who took her crippled lover to a young man.

Snyder's counsel, Jerry Grier, testified that the former radio singer, who had been given 15 of the best years of his life in providing her with a comfortable life, was a young man.

Grier told the jury Miss Etting had lived a life of death, that she accepted Snyder when she was a "mere child" because she saw in him the means to an end, and that although he was a wicked and well educated, she knew he could promote her professional career.

Curbs Church

Current reports from Berlin state that Hans Kertel, minister of church affairs, intends to submit a new report law in connection with additional severe restrictions on the Roman Catholic Church in Germany.

OTTAWA SAVES \$369,904 WHEN PURGING ROLLS

Reduction In Relief Costs Shown—Taxpayers See Saving

TORONTO, Dec. 21.—Reduction of \$369,904 in relief costs in Ottawa during the first 18 months of 1933 were attributed today to purging of the city's relief rolls and an improved administrative set-up, in a statement issued by Hon. Geo. Croft, minister of public works and municipal affairs.

Revelation of the relief savings began a year ago, the report stated. As a direct result, the taxpayers of the city were relieved about \$369,904 from Jan. 1 to Oct. 31. The sum represented the saving in the city's per cent contribution to the cost of relief.

The city's saving for the calendar year, it was estimated, would be about \$120,000.

The number of persons on relief was reduced by 4,000, while welfare cases were aligned with those of other parts in the province.

"It is also the department's intention," the statement read, "to apply the experience gained in Ottawa to other municipalities."

Reich Lifts Ban Against U.S. Claims For Inheritance

WASHINGTON, Dec. 21.—One week after a Philadelphia judge took diplomatic in his own hands and discovered a violation of laws against Germany, the Reich has lifted a ban preventing United States citizens from collecting in full on inheritances left them in Germany.

Heretofore American heirs of persons who died in Germany have been unable to receive all of their legacies because of German exchange restrictions.

Four Men Face Murder Charges During Wedding

STUNTING, Sask., Dec. 21.—John Bullock died five days after the wedding following an investigation by Royal Canadian Mounted Police. The investigation revealed that four men charged with Bullock's murder were involved in the wedding.

The investigation revealed that four men charged with Bullock's murder were involved in the wedding.

PALESTINE PEACE IS GIVEN

JERUSALEM, Dec. 21.—Palestine's comparative peace of the past few days was marred today by a running fight near Nazareth, in which 10 Arab rebels were killed and one British soldier seriously wounded. The rebels were believed to be 40 Arabs and a British military patrol.

Bulletin Patterns

A "TAKE-TURNS" JUMPER

Wear it With Or Without the Bolero Jacket

A girl like little Helen, wear it with a suspender skirt. Wear it together and mix them with other blouses and skirts. Wear the jumper and blouse without the bolero. You've enough dexterity to keep all your friends guessing. It's the sort of dress that's splendid for college and for the office. Give variety and stretch your budget. There's no reason why you can't use the pattern for separate items. For it includes the suspender skirt, jacket and blouse. Cut it out and without any effort... it's finished! A diagrammed instruction chart accompanies the pattern.

Style No. 2076 is designed for sizes 12, 14, 16, 18, 20 years, 20, 22, 24, 26 and 28 inch bust. Size 26 requires 3 1/2 yards of 35-inch material for jumper and jacket, and 2 yards of 28-inch material for blouse.

Send 15 cents in coin for pattern. Write plainly your Name, Address and Style Number by air to state St. Address your order to The Bulletin Pattern, Pattern Department, Edmonton, Alberta.

Gay Flowering Plants For Indoor Bloom

Our new fall pattern book has over 100 of the latest Paris, New York and Hollywood designs... suggestions for holiday gifts... beautiful articles and exclusive cooking recipes. Order your copy today! Price 15c.

African Violets Need No Sun

Make even north windows gay and cheerful! Plant African Violets in their blossoms of deep purple, bright blue or pink, with yellow centers. A single plant from the florist will start you on the way to a whole windowful of these tiny beauties. All that's necessary to grow a new plant is to throw a long-stemmed leaf into the soil. They're easy to care for. Just keep the pot in a shallow pan of water till water stops rising—don't get water on the leaves. Give plants a midwinter drink by setting pots in a saucer of water. Grow the lovely flowering maple in your sunny window. Its luxuriant foliage and bell-shaped blossoms of yellow, scarlet or salmon will make you forget chilly days outside. This plant has a decided preference for rich, sandy soil. Keep your happy plant with flowers all winter. Our 32-page booklet tells how to grow, house and care for African Violets. How to avoid plant pests. What not to use.

Send 15 cents in coin for your copy of "Raising Plants and Flowering Grow Indoors" to The Bulletin Pattern, Edmonton, Alberta. Be sure to write plainly your Name, Address and the Name of the Bulletin.

A detailed description of the book is at the bottom of the page.

Santa, Dear, May I Have Some of These?

Beauty and utility are two bywords of gifts for this Christmas-time. To prove that these can be combined charmingly, view the treasures displayed above. New beauty items include a wooden brush, comb and mirror with styled flower basket motif to grace any dressing table; the newest and smartest

What To Do

A friend of mine is visiting me and I am planning a breakfast. What time are guests to arrive? Is the breakfast served preceding the game, if so at what hour? Please suggest a menu and how served. When would it be proper to announce the final game? Thank you.

MRS. N. O. M.

Answer—Tell the guests to arrive a half hour before you serve the breakfast—say 11 o'clock, serving breakfast at 11:30, and start playing bridge at 1:30. When you start playing state that the game will continue for an hour or some other specified time. Why not serve the breakfast on the bridge table? Instead of the usual first course, have a pitcher of chilled cranberry juice and the necessary glasses on a tray and serve the juice before seating the guests at the table. For the main course, have waffles and creamed chicken, served platter style and a dish of radishes. A bowl of fruit is a nice accessory. Instead of a dessert course, serve a second helping of waffles with warm butter and honey. Pass the butter-honey mixture in small glasses, which will do away with butter and a bread-and-butter plate. Have plenty of hot coffee and heavy cream, or serve hot chocolate with whipped cream.

Jail Week-Ends

WELLINGTON, N.Z. Dec. 21.—Ministry of Transport Empire plans to introduce legislation to imprison at week-ends only motorists charged with drunk driving. This would enable them to do their work during the week.

Films To Blame

BRIGHTON, England, Dec. 21.—Benjamin Baughman, 32, nicknamed "The Peacemaker" through ability to break broken marriages, died here Monday for 24 years, he has made films for much domestic unhappiness.

Today's Popular Design

By CAROL AIMES

Dear Readers: We see the ensemble idea expressed in everything from jewelry to domestic things, so here is a group of designs to help you bring it into the kitchen and dining-room. Embroider these gay fruit motifs on luncheon cloths, glass towels, aprons and curtain ends and you will be delighted with the unity of the finished effect. Simple stitches and bright natural colors are used throughout, so that even the most inexperienced needlewoman might try them out successfully. Pattern includes transfer sheet of assorted designs, with instructions for colorfasting, together with stitch details and color chart. Send 15 cents in coin for this pattern to The Bulletin Pattern, Edmonton, Alberta.

Dorothy Dix Says:

think of the wisdom of having women propose marriage to men? Some of the finest women I know are unmarried because they adhered to the old conventionalism of waiting for men to ask them to be their wives. Sometimes men are selfish. Sometimes they are just too busy to do the thing. Women who are right under their eyes, and I believe that if women could do the proposing as well as men, many fine people who are now single would be married. I am a man and I would like to hear a woman's reaction to this problem. C. K.

Answer:

There is no other one thing in the world that women crave so much as the prospect of seeing their husbands in a frank, honest, open and unguarded manner instead of having to do it in the starchy, underhand way they do now.

But, courageous as they are about new things, women are cowardly about breaking conventions and they are more afraid of Mrs. Grundy than they are of God or man. I know of nothing more ironic than that women, battered at the doors of the commercial world until they break their hearts, that they fought like lions for political freedom until they got the ballot, but they have never even tried to scrap the silly old convention that the right to hold down a job or to vote is a poor thing compared with the right that your child's head should and the father of your children.

Girl Guilty Perjury

VANCOUVER, Dec. 21.—Miss Eleanor Cleary pleaded guilty in police court Tuesday to a charge of perjury and was remanded by Magistrate H. S. Wood to today for sentence.

Why shouldn't a middle-aged old maid tell the widower with

Mouth Exercises Help Improve Harsh Voices

By ALICIA HART

"A tense tongue and a tight jaw form the number one cause of an unpleasant voice," said Alma Kitchell, former vocal soloist with the New York Symphony and now conductor of an important radio program for women interested in national and international affairs.

"Unless her throat is open, her jaw and tongue relaxed, no woman's voice is at its best," the attractive entertainer Mrs. Kitchell continued. Then she mentioned the importance of breathing deeply and of keeping the body relaxed.

To relax and open your throat,

children with whom she has fallen in love have been hungry she is for children and what a good mother she would be to his friend? Why shouldn't an elderly woman, with a comfortable fortune and a good home, propose to some elderly man who is living around in boarding houses and come and share her comfort and add to her happiness by being a delightful companion? No reason at all, except that women are afraid of Mrs. Grundy.

DOROTHY DIX

A natural partner of good things to eat

For a Merrier Christmas, serve the ham that's proved

FIRST FOR FLAVOUR!

"Ah-h... I don't know which one it is, but this ham is any choice for flavour!" Swift's Premium score again!

HERE'S more lip-smacking news! A really glorified tenderness has been added to the rich, distinctive flavour and fine texture of Swift's Premium Ham... the melting tenderness of Spring Chicken! As well as fowl, plan now to serve Swift's Premium Ham at your Christmas dinner. Listen to the delighted acclaim from your family over its flavour, its sweetness, its spring chicken tenderness! Swift's Premium Ham cooks faster, too! There's no parboiling! All you do is bake it, uncovered, in a moderate oven (325°). For a half ham you need only allow 22 minutes per lb. Remember Swift's Premium Ham is grand for Christmas giving! (To avoid disappointment! Order this ham with the superb flavour from your dealer now. Be sure to get the ham that's first for flavour! Swift Canadian Co., Limited.

Whether Christmas dinner means "just the two of us" or a banquet like spread for a whole household, Swift's Premium Ham is the choice of the discerning. It's the quality mark of Canada's favorite ham.
